

SAPIENS

Bebida de Sabios®

TEQUILA

AHUMADO

THE AGAVE EVOLUTION

Sapiens is a drink of the wise, for those who know how to appreciate agave and are open to discover new sensation. It is not for everyone, it is for those who adapt to new times and evolve.

Some people call us “conocedores” and we are truly confident of knowing what in our Tequila. We like to investigate in order to be able to transmit that know edge that no one else gives you, but you will experience it with us.

100% MEXICAN

Originating from the magical town of Tequila, the historical birth place of tequila, one of the 5 states designated as part of the appellation of origin.

100% AGAVE

Like all Sapiens Tequilas, our Ahumado is distilled from 100% agave, carefully selected for optimal maturity. The agaves undergo a meticulous cooking process, combining traditional stone ovens with modern techniques to enhance complexity and depth.

At Sapiens, we believe that cooking is one of the most crucial steps in crafting a premium tequila, as it plays a key role in shaping the final flavor profile—bringing out rich, authentic, and nuanced agave notes.

MASTER DESTILLER:

Enrique Legorreta

Guided by Master Tequilero Enrique Legorreta, a member of a renowned tequila-producing family, we honor tradition while embracing innovation to redefine excellence in every bottle.

Premium Blanco tequilas captivate with their complexity and vibrant aromatics, proving that no barrel aging is needed to deliver an exceptional experience. Sapiens Tequila Blanco is crafted to showcase the pure essence of agave—free of additives, full of character, and waiting to be discovered.
